

KPFX is deeply imbedded in the Fargo/Moorhead area, supplying the community with local news casts 15 times a week as well as having a link to local news on our website at www.1079thefox.com

We are also heavily involved in fund raising in the community. Our latest success was raising a record \$97,000 for our local cancer facility, the Roger Maris Cancer center, this past October.

Our Morning show also gives forum to the community by airing call in discussions on local topics weekdays from 6-7am.

KPFX serves the Fargo/Moorhead community proudly in everything we do, whether it be local fundraising, local news, or just an outlet for the community to air a community related grievance or by just giving them a chance to request their favorite rock song.

Sincerely,
Mike Waters, Program Director
KPFX
Fargo, ND
